

ESUS SAG LIAISON CALL

January 24, 2017

Interior Lighting Campaign (ILC)

- ▶ By adopting more efficient troffer lighting, such as systems that meet the Better Buildings Alliance (BBA) specification for troffers, building owners can save up to 60% on a one-for-one basis, and up to 75% with the use of controls.
- ▶ Resources available from the ILC include specifications, case studies, utility incentive lists, and educational webinars to help building owners make sound lighting decisions.
- ▶ Limited technical assistance from the U.S. Department of Energy is available to site owners and managers who sign up.
- ▶ Sites that join the ILC will be recognized on the ILC web site, and those that show exemplary performance will be eligible for awards.
- ▶ Organizations that don't directly own or operate facilities but support the goals of the ILC can join as Supporters, and receive recognition for their involvement

The Sheila Sheridan Award for Sustainable Facility Operations and Management

- ▶ This award recognizes an individual or team that demonstrates an outstanding example of strategic sustainable operations and management initiatives that have led to successful tactical and operational adjustments in the management of a facility including:
 - ▶ stakeholder engagement
 - ▶ overall performance
 - ▶ energy efficiency
 - ▶ Innovation
 - ▶ audits and reporting
 - ▶ long-term solutions for facility management success.
- ▶ This category encourages, rewards and recognizes excellence, leadership and innovation for the operation of environmentally responsible and sustainably managed buildings.
- ▶ The recipient(s) will demonstrate how their sustainable facility management program or idea has had a substantial positive effect on contributing to the success of their organization.
- ▶ The winner of this award is to present an educational session regarding their submission at World Workplace

Benefits of Submitting for An Award

Innovation in Facility Management

- ▶ Award nominations should demonstrate creativity, quality, and innovation within the context of advancing and promoting Facility Management globally.
- ▶ *Innovation can be in the form of new-to-market offers, standing solutions addressing complex business problems, market-leading solutions, or a new approach altogether that improves the efficiency and effectiveness of the programs.*
